The Rev. Father Rudolph L. Marker of Dearborn, Mich., was stricken by an attack of heart trouble Tuesday while attending the funeral of Father B. L. Wermers in Detroit. He was taken to a hospital where he died in a short time. Father Marker has been in ill health for the past three years, but had managed to attend to his duties. He had many friends here who will be pained to hear of his death.

Harry DeVall, son of Amos DeVall, our first class blacksmith, is the new tonsorial artist at the Central barber shop.

The "Hypocrites" a four reel feature film which will be shown at the Idle Hour next Thursday eve, is one of the most extraordinary pictures ever placed before the public. The play is a daring one in its frankness but has been handled by Miss Weber with the most exquisite delicacy. This superb play had a continuous run of nearly two weeks at the Elite in Kalamazoo. This we are sure will speak for the merits of this photoplay.

BUSINESS MIGHTY GOOD, THANK YOU

The Hartford Day Spring in commenting on the bankruptcy proceedings of The New York Racket store in a recent issue stated that "the bankrupt institution was formerly the clothing store of E. Smith & Co." Of course those who are familiar with the circumstances will know this statement to be an error, but to those who do not know, the statement in the Day Spring creates an erroneous impression which should be corrected. The firm of E. Smith & Co. during its existence was one of the best and most sound institutions financially and otherwise in southwestern Michigan. Attorney T. J. Cavanaugh is now the owner of the store formerly owned by E. Smith & Co., commonly known as "The Long Brick," and the O'Grady Brothers (Ed and Jim) are the proprietors of the business. The store has recently been remodeled and a magnificent new front put in. It is now one of the finest stores in the state, and The True Northerner is pleased to state that business is brisk at "The Long Brick" and that the firm of O'Grady Brothers, formerly E. Smith & Co., is not bankrupt, but the "Boys" are doing pretty well, thank you. For the information of The Day Spring, we will state that the bankrupt institution, known as the New York Racket store, is located in the Weston block and that its proprietors were W. J. Smith and John J. V., who came here from Sparta, Mich., several years ago.

RED CROSS SEALS HELP AND PROTECT

Christmas Messengers work the year round for Tuberculosis sufferers

How Red Cross Christmas Seals not only bring comfort, but provide safety and protection for those who have tuberculosis, is illustrated by a story which reached headquarters today.

Working as a compositor in a small newspaper office in an Indiana city, she fell a victim to tuberculosis through some one's carelessness. She was only nineteen and the sole breadwinner for a little family group which consisted of herself and her grandparents. Her fellow workers noticed that her cough became chronic and that day by day she grew thinner and thinner, but she never confided her troubles to any one. She just "kept on the job." Through an unknown channel the Kings Daughters learned of the case, and investigation proved that the girl slept at night on a pallet laid on three chairs so she could be near the old people whom she was supporting. Physicians pronounced her case hopeless, and she was refused admittance to the state sanatorium for early cases for this reason. She knew little about the danger of spreading the disease to others until recently, but she is now being cared for at home through Red Cross Seal funds and is taking the recognized precautions to prevent her infection from spreading to others.

DOOMED TO DIE

Horse Given Up to Die by Doctors Saved by Simple Remedy.

Many Michigan people have found that the European war has raised the price of livestock—particularly horses. Therefore, it is now more necessary than ever to keep domestic animals in A-1 shape. To do this, a bulky liniment to use is the same kind that George Wells of Syracuse, N. Y., used. He says: "And the only medicine used on the foot after the horse had been given up to die by the veterinary surgeon, was Hanford's Balsam of Myrrh. This horse, which the doctor said should be killed after it had run a nail in its foot, lived to do many more hours of labor."
